The bottom of God and a bit on the side

The other day I had a most enjoyable conversation with - well, I'll just say "a skilled tradesman of this village". I won't mention his name because it might embarrass him (or, more likely, his wife!) but it was an interesting chat and made me realise again how much there is to be learned about God's work outside the walls of the church. During the course of our lengthy conversation we solved most of the problems of the world (only time will tell if there will be a Nobel Peace prize in it for either of us) and then moved on to community in general and Braunston in particular.

The topic of community is always a big preoccupation of mine because at bottom (should I really be talking about The Bottom of God?) God is all about community. What I am as vicar is essentially a labourer (or on a good day, a skilled tradesperson) on the building site of a community (known in bible terms as "The Kingdom") in which should flourish the best possible relationships between human beings and other human beings and also between human beings and God.

Just before Christmas I responded to a consultation on the plans for the development of Daventry which involve doubling the population, building civic amenities and developing retail opportunities. This (vicar rant alert!) is all fine and dandy but there is more to what the council's plan optimistically calls "strong and vibrant community" than housing, shops, jobs, leisure, and tourism. A community is about people and the way they live together. What the plan calls "A place to be proud in" is not a place full of facilities (though those are nice) but a place where people work together on things that they care about. It is a place where people have a common purpose, mutually respect and look after each other and where those in need are supported and cared for within the community.

Which brings me back to my conversation with he who shall remain nameless. He said that if the church building ever needed his skills then he would be pleased to give his time. When I thanked him he came up with a wonderful (and if I may say so, very "Kingdom") idea. He suggested that all the tradespeople in the village should "do a bit on the side." Obviously I was scandalized. What a thing to say to the vicar. Was he proposing tax evasion - or worse, sexual impropriety?! But no - what he was suggesting that those with skills should give some of their time to help those who need help in the village, whether that is village organisations like church, scouts, village hall etc or individuals living in poor conditions who need a bit of help and can't afford it.

So there is a community/kingdom idea for Braunston and if anyone out there has a skill and wants to do a bit on the side let me know and we'll find a way to make it happen.

Braunston Canal Society

My initial attempt at injecting some interest in the canal in Braunston seems to have stirred up some interest concerning some sort of canal society, similar to that run at the Bucky flight of locks, being set up in the village.

A recent article in Towpath Talk, (which for those who do not frequent the canal, is a free monthly publication which caters for all canal users whether you are a boater, angler, cyclist or walker) highlighted the efforts of a couple who, fed up with the rubbish along their local canal, took it upon themselves to do something about it and embark on their own litter pick. This is very much the type of effort championed by that well-known campaigner for all things rural, Bill Bryson. Mike Davies (owner of the tug 'Vesta'), and several other individuals have approached me asking me to start up a similar type initiative running between the Tunnel at Braunston, down to the Puddle Bank moorings and possibly as far out as Willoughby. The initial suggestion is that a group of say 20 willing volunteers can be gathered to carry out a towpath tidy with the support of British Waterway and the Parish Council, on say a monthly basis, increasing in the summer to perhaps twice monthly.

There are areas, generally around about the points of road access that are pretty grim with everything from discarded TV's, batteries, dog mess bags, cans etc, all of which spoil most peoples enjoyment of a good walk, boat trip or cycle.

The fact is, that there are some people who find it acceptable to pick up their dogs mess, bag it and then throw it into the nearest hedge, sometimes within yards of the actual bin, where it stays forever. No one else is going to pick it up so its down to those who do care to take 1st hand action. The area round the steps leading off the road bridge by Willoughby cottages is particularly bad and will require more of an effort but again with a few willing volunteers and support from those in power it can be cleaned up in a few hours. If you fancy getting involved, even if it means carrying a waste bag and picking up the odd tin can, crisp packet etc on your walk, contact Mike or myself. If enough people show an interest then perhaps a more structured canal society such as at Bucky can develop, which, as BW become more and more strapped for funds can help out with things such as Lock gate painting and grass cutting etc. Just an idea! It works in Jetty Field, why not the canal.

**WE ARE
MACMILLAN,
CANCER SUPPORT**

Thank you for an opportunity to say thank you to all supporters of Macmillan Cancer Support in Braunston. To Betty Hargraves for hosting the World's Biggest Coffee Morning with such great success for so many years; to the Old Plough for substantial donations; to Avril at Gongoozler's Rest - how can so much charity money be raised in such a small space?! Thank you to everyone who supports the Braunston Open Gardens Day that raises such large amounts every year and to everyone else for individual donations and for those received in memoriam. As a result of book sales our Daventry voluntary group recently received a huge donation of £1215 from The Boat Shop at the Bottom Lock. - We have a great appeal going on in the Northampton area raising money to refurbish the Haematology Suite at Northampton General Hospital and we continue to pay out for patient grants and provide services like our benefits advice at the local Citizens Advice bureaux across Northamptonshire and Warwickshire. On behalf of people affected by cancer thank you one and all. A Happy New Year!

How the Internet Got Started

In ancient Israel, it came to pass that a trader by the name of Abraham Com did take unto himself a young wife by the name of Dot. And Dot Com was a comely woman, broad of shoulder and long of leg. Indeed, she was often called Amazon Dot Com.

And she said unto Abraham, her husband, "Why dost thou travel so far from town to town with thy goods when thou canst trade without ever leaving thy tent?"

And Abraham did look at her as though she were several saddle bags short of a camel load, but simply said, "How, dear?"

And Dot replied, "I will place drums in all the towns and drums in between to send messages saying what you have for sale, and they will reply telling you who hath the best price. And the sale can be made on the drums and delivery made by Uriah's Pony Stable (UPS)."

Abraham thought long and decided he would let Dot have her way with the drums. And the drums rang out and were an immediate success. Abraham sold all the goods he had at the top price, without ever having to move from his tent. To prevent neighbouring countries from overhearing what the drums were saying, Dot devised a system that only she and the drummers knew. It was known as Must Send Drum Over Sound (MSDOS), and she also developed a language to transmit ideas and pictures - Hebrew To The People (HTTP).

And the young men did take to Dot Com's trading as doth the greedy horsefly take to camel dung. They were called Nomadic Ecclesiastical Rich Dominican Sybarites, or NERDS.

And lo, the land was so feverish with joy at the new riches and the deafening sound of drums that no one noticed that the real riches were going to that enterprising drum dealer, Brother William of Gates, who bought off every drum maker in the land. And indeed did insist on drums to be made that would work only with Brother Gates' drum heads and drumsticks.

And Dot did say, "Oh, Abraham, what we have started is being taken over by others." And Abraham looked out over the Bay of Ezekiel, or eBay as it came to be known. He said, "We need a name that reflects what we are."

And Dot replied, "Young Ambitious Hebrew Owner Operators." "YAHOO," said Abraham. And because it was Dot's idea, they named it YAHOO Dot Com.

Abraham's cousin, Joshua, being the young Gregarious Energetic Educated Kid (GEEK) that he was, soon started using Dot's drums to locate things around the countryside. It soon became known as God's Own Official Guide to Locating Everything (GOOGLE).

That is how it all began

THE VILLAGE BELLS.

The sound of bells has long been associated with Christmas celebrations. Additional to the regular services, this Christmastide we rang for the traditional Festival of Nine Lessons and Carols, also for Midnight Mass.

Another ancient custom, to ring out the Old Year and ring in the New, is celebrated in Braunston by ringing out the Old Year with "Diminishing Rounds". Just before midnight, the bells stop one at a time from six to five, to four and so on down to a single bell, indicative of the dying year. This is a moment to recall the immortal words of Tennyson:

Ring out, wild bells, to the wild sky,
The flying cloud, the frosty light:
The year is dying in the night;
Ring out, wild bells, and let him die.

Midnight is struck on the tenor bell and immediately all the other bells join in, welcoming the New Year. Long may these ancient customs continue.

Queen's Congratulations

Well known local residents Prim and Aubrey Berriman were surprised and delighted to receive a card of congratulations from HM the Queen on the occasion of their 60th Wedding Anniversary to add to the many received from family, friends and neighbours. Aubrey was particularly intrigued by the instruction from the Palace to deliver the card by 9.30am or else! The card was delivered on time so the 'else' remains a mystery! We all wish Prim and Aubrey many more happy years together.

Floodlighting message missed from last BVN publication

Regarding floodlighting for Titina Barber on 16/12/11

"Ya Ya" I pray your soul wakes up in Heaven on your Birthday - 16th December - we loved you so much and are grateful for your life. God Bless you in Eternity. Granddaughter, Tanamera Barber & Kippie Tonkin deeply loved you.

Post script:

Titina Barber adored her granddaughter Tanamera. Tana's grandfather dedicated his book 'Tanamera' to his granddaughter. Noel Barber passed away many years ago. His book was made into a film.

Titina was a great friend to Tana's mother, Kippie Tonkin. They live in North Carolina, USA and were unable to be with her as she departed life on earth.

With the floodlighting at All Saints', Braunston on 16th December, they wish to illuminate the memory of Titina Barber's life and pray for her soul to be blessed by God and accepted into Heaven.

Braunston Walkers

Christmas Walk Saturday 17/12/2011 and 2011 Review

Yet another great year for the group. In January we went to Grandborough and had a good lunch at the Shoulder of Mutton, February found the group at Kilsby and the excellent George pub. Superb!!! In March we went a little further afield and had a great walk around Maidford and Litchborough, having a wonderful lunch at the lovely old Bartholomew Arms in Blakesley. April found us on an interesting walk around Fosters Booth and a great lunch at the Red Lion pub there. In May we walked in the fabulous Cotswolds at Great Tew and took in the legendary Falklands Arms, probably the finest pub in England (well I think so anyway) In June who can forget our memorable Long Mynd adventure and the superb Crown pub with pints of Shropshire Lad, not forgetting Bharat's suggestion to stop in a tea shop in Church Stretton before the long drive home. July took us to Frankton and Princethorpe a fantastic walk topped by the Friendly Inn. Superb!! August saw us returning to Bradgate Park and the Griffin Inn in Swithland another great pub and walk. We had our second Braunston Walkers weekend away in Swaledale in the Yorkshire Dales in September, a triumph, staying in the splendid Kings Arms in Reeth and having our annual dinner, after a twelve and half mile gnueller, in the splendid Bridge Inn in Grinton (At our recent Xmas lunch this Keld -Crackpot hall- Gurnerside walk was voted as the best walk of the year) In October we did a great walk to Badby Woods and lunch was taken at the fantastic Windmill in Badby whilst November saw us around Welton and Ashby St Ledgers taking our lunch at the super, White Horse. Some great memories and reviewing the year, I can see we are doing our bit to keep the old pubs going. Are you doing all you can?

So what about December? A fantastic turn out!!! 20 of us met up at the village hall and set off down through Jetty Fields on a cold icy December morning. Slipping and sliding, the sun shone brightly as we made our way along the tow path and over the footbridge past the marina and the delicious smells emanating from the Gongozler's Rest. Where breakfast was obviously in full swing. I could feel my arteries hardening!! We continued over the A45 and along the Wofhamcote track and at the old church we turned right over the humps and bumps that make up the site of the medieval village of Wofhamcote to reach a gate and pass under the old aqueduct which takes the Oxford Canal over the low lying land. We turned sharp left up the new, beautifully constructed, steps to meet the towpath. Turning right we followed the canal on to reach Nethercote and Flecknoe.

Our path then took us left off the road, over two slippery stiles and across two increasingly muddy fields to get back to the old Wofhamcote track. Cleaning our boots of the cloying mud we paused to enjoy Nigel and Terry's sweets before walking back to the A45 and then Nigel allowed us to walk through his field and past his Jacob sheep into his garden at the back of Checkley Close to reach the High street and the Old Plough for an excellent lunch and super pints of Doombar ale. The Old Plough, now under new management, was excellent and is highly recommended for good, wholesome, home cooked, food. An excellent end to an excellent walk!! Merry Christmas and a Happy New Year to all our walkers. Please come and join us. The next 6 walks in 2012, meet at the village hall at 10, on most, are as follows:

21st Jan Staverton (c.8 miles)

18th Feb Around Wlloughby (c. 9 miles)

17th Mar* TBA either Dorset weekend or Stanton Hall (c.10 miles)

21st April Chipping Warden (c.10 miles) Braunston Walkers

19th May The Malvern Hills (c.11 miles)

16th June "Ellastone and the River Dove" (c.11 miles)

News From The Village Hall

The Village Hall Committee is made up of villagers representing their Clubs and societies. They meet monthly and examine ideas and suggestions. With their careful planning and budgeting the development of the Hall moves forward. They represent your needs and ideas.

Over the last few weeks uplighters, connected to a dimmer system have been installed in the Main Hall. This means that the ceiling fluorescents can be switched off if one wishes for a more relaxed or intimate atmosphere. This has particularly welcomed by the Cinema Club and the Players drama group as it gives them greater control of the lighting.

The entrance hall area has been plastered and the new skirting boards fitted. A work party of volunteers will be seeing to the re-painting as soon as the plaster has finished drying. We wish to make you feel very welcome.

A contract has been signed for the replacement of the windows in the Main Hall, particularly at the front of the building. The new windows will be double glazed to a high level of insulation. They are being specially constructed from hard wood, not plastic, in order to retain the historic appearance of the Hall. Work has already started and will be completed by the end of February. The windows will then be fitted one by one in order not to disrupt any of the many activities hosted by our Hall every week.

New windows make us think of new curtains. The Committee is in discussions with several specialist Stage Curtain specialists. It is planned to replace the existing window curtains with attractive, thicker ones to ensure the Main Hall is completely 'blacked-out' as an added benefit for the Cinema Club shows. These curtains will of course co-ordinate with new 'Front Tabs' (Stage Curtains) on improved runners. Our Main Hall is really getting a face lift.

Looking forward to the the summer holidays, discussions are taking place to set up a 'Holiday Club' run by professionals to help the many busy mums and dads over the long summer school break. We will let you know more details in good time. Your Village Hall is there for You.

Everything to do with developing and running the Village Hall costs money! We owe a great debt of gratitude to our Caretaker, Gill Brewster. Like all the Brewster family Gill has devoted a tremendous amount of time and effort to supporting the Village Hall. Quite apart from her responsibilities as Caretaker, Gill has voluntarily given hours and hours to organising the collection for the Odds 100 Club; the lottery that helps finance the Village Hall. She has been the driving force that has produced thousands of pounds over the years. Thank you Gill.

Gill is relinquishing her leadership of the collectors. We will miss her. Thankfully she continues to support the Hall as Caretaker. In the meantime the treasurer, Ron Hunt will be taking over responsibility for this important role. It will make Ron's life so much easier if our supporters are able to sign up to our Standing Order collection system. You will be hearing more about this. Your support is deeply appreciated.

Braunston Youth Club

Meets fortnightly on **Fridays** at
Braunston Village Hall 7pm - 9pm

Entrance fee is **still only £1.00**

Members starting age is 9 years old - 16.

Why not come along
and make new friends,
have a laugh and try
something different
on a Friday night?

Meeting on

FEBRUARY - Friday 3rd. and Friday 17th.

MARCH - Friday 2nd. and Friday 16th

We are concerned that we do not have more adult helpers. If one or more of the volunteers are unable to attend because of illness, work commitments or any other reason, then we may have to cancel Youth Club. This has happened in the past – usually at short notice – and is disappointing for the youngsters.

We appreciate that we all have many commitments and not a lot of spare time. However, we would be very grateful if anyone could spare a couple of hours a fortnight to come along and help us. If we had enough volunteers we could even prepare a rota! This would make the difference between opening the Youth Club and cancelling it.

If you can help or have Any queries ring

The Royal British Legion
Braunston and District

Poppy Appeal. We are very pleased to report another bumper collection comparable with 2010. The Braunston collection amounted to £2233 and Ashby £197. For the whole district, which also includes Barby, Welton and Kilsby, the amount was £6849. This money goes into Legion central funds to support the welfare work of the Legion. Again many thanks to those who donated and carried out door to door collection. We thank, also, the many businesses who have supported us including those who have all year round collection boxes.

Christmas Band Concert. Once again this proved to be very popular and was very much enjoyed by all. We were honoured this year by the presence of Lord Tim Boswell and our MP Chris Heaton-Harris. The profits from the concert were shared by the Legion and by Daventry Brass, (which now has an up and coming Junior section).

Galanos House. The Legion's Poppy Home at Southam last year opened a new dementia care unit to house 30 residents. The Braunston Branch has been pleased to be able to provide some additional facilities by way of a greenhouse and shed for use by all of the homes residents.

The Bernard Rushall Cup. This year the cup has been presented to Bill Musgrove in recognition of his 12 years as secretary of the Branch.

Membership. Membership has held up well and we now have several lady members. Membership is open to all and there is no need to have had a services association. At one time there was a separate Ladies Branch and we are still trying to locate the Standard which someone kept for "safe keeping" and may still be in their loft. Does anyone have any clues as to where it may be now?

Next Meeting. Will be held on Tuesday February 14th at The George Hotel, Kilsby, at 8.00 pm.

BRAUNSTON PARISH COUNCIL

At the November Parish Council Precept meeting the councillors voted for no increase in the Parish portion of the council tax. Full details of the council budget can be seen at www.braunstonpc.org

BRAUNSTON PARCELS

It is extremely pleasing to report that 989 parcels have now been sent out to our troops serving in Afghanistan since April 2007. This is all due to the overwhelming generosity of those of you who have, and continue to donate to this very worthy cause. My sincere thanks go out to you for your continued support and also to everyone at the village shop and Post Office who ensure that this project works so efficiently. Thank You!

The current recipients of our parcels are members of the Queen's Royal Hussars and we wish them a safe and successful deployment.

“Our telephone number is changing – and our website is better than ever”

Northamptonshire County Council's number for general enquiries changes to **0300 126 1000** from today, **Thursday 1st December 2011**.

It replaces the 01604 236236 number and means that everyone in the county calling from a landline will be charged at a local rate, regardless of their own area code. Customers are being urged to update their current contact details for the county council to make sure they can get through if they do need to call.

Anyone calling the council will now access an automated call-handling system, which requires callers to press a number to choose the council service they want to contact.

The council's most popular and frequently requested services will be at the top of the list to ensure getting through to the right department will be as quick and easy as possible.

However telephoning is not the only way to access council information and services. The county council's website www.northamptonshire.gov.uk is constantly being developed and updated to improve the range of features it offers.

The new phone number comes just a few months after the introduction of an award winning iPhone app, Android app and mobile web browser which have been developed to make it easier for people to access the county council's website www.northamptonshire.gov.uk whilst out and about, rather than making a telephone call.

Customers can now contact the council by:

- Visiting our website – www.northamptonshire.gov.uk
- Downloading our iPhone or Android app
- Finding us on Facebook
- Following us on Twitter - @MyCountyCouncil
- Browsing our website from their mobile phone
- If customers need help using our website, they can get this from their local library

And if they need to speak to someone they can:

- Call us on 0300 126 1000 – our new number has a local rate for all landlines

One of the many wonderful things about Greenhaven is that you can be buried however you wish. We think burial is about celebrating the life someone has had and the things they enjoyed.

You can have the burial you want, but at a fraction of the cost of a conventional one. And for those left behind – a beautiful woodland sanctuary where life goes on and memories linger.
